

FACILITY IMPROVEMENT OR DEVELOPMENT INVOLVING BOND MEASURE PROPOSAL

Recognizing the long-term community commitment when the district issues new bonds for property improvement, development or acquisition, the superintendent shall not fail to:

1. inform the board that the district is constituting a facilities and bond planning task force for the purposes of reviewing the adequacy of current facilities and the possibility of a future bond issuance;
2. seek balanced staff, parent and community stakeholder input in the planning process;
3. use best practices in evaluating the adequacy of existing facilities and in the design of new facilities;
4. assure that final recommendations regarding facilities and bonds are aligned with
and
5. provide ample opportunity for board and community discussion prior to final board action.
